

## JAMIE WHITEHEAD – Midfielder

### PLAYER SUMMARY AND CLUB EXPERIENCE

Jamie is a dynamic attacking midfielder geared up for top level competition. It is clear from discussions that he has a burning passion for the game, is self disciplined, committed and persistent. These traits resonate on to the field where Jamie's quick feet, excellent close control and real pace make him a real handful for defensive midfielders and backs. A very attack minded player who doesn't lose sight of his defensive work, Jamie is very direct looking to break forward from midfield beyond the forwards at all times. He also links up well to assist forwards in getting in behind and through on goal. Jamie's key strengths are his pace, dribbling skills, agility, vision, composure and finishing. Always comfortable in possession and always comfortable in taking charge of situations. As a youth Jamie has been coveted by Glasgow Rangers, Hibernian, St Johnstone and Raith Rovers at various stages. He plays for Hutchinson Vale but has previously played reserve team football for both Dunfermline and Raith Rovers, Fife Elite Academy and South Shields Academy which is prestigious set up in England. We would sum up Jamie by saying he is versatile as an attacking player, he keeps defenders guessing and constantly moves and alters his position. When necessary, he can adapt and play direct. What we like most about Jamie as a forward is his ability to adapt to conditions and play very direct but being equally comfortable with the ball at his feet bringing others into the game. Jamie knows the goal and will be a real asset to any collegiate team at any level right up to the very top.
